

## LESSON 2

# Safe Gaming

For tweens — print this page and keep it nearby.

## STAYING SAFE IN THE GAMES YOU LOVE

- 1 Game chat is strangers**  
Most players are fine, but they're people you don't know. Never share your name, age, school, address, or photos in chat.
- 2 Don't follow them off-game**  
If a stranger wants to move to Discord or Snap, or asks you to keep a secret — stop, and tell a grown-up.
- 3 There is no free Robux**  
“Free Robux / V-Bucks / skins” is always a scam. It steals your account or your family's money. Never click.
- 4 Password = real login only**  
Only type your password into the game's real login screen — never a link, a pop-up, or a chat box.
- 5 Purchases need a grown-up**  
Skins and battle passes cost real money. Always ask before buying. Mute, block, and tell when a player is a problem.

### IF YOU TAKE ONE THING FROM THIS LESSON

The next time you see “free Robux” or “free V-Bucks” anywhere, don't click it. There is no free game money, ever — that one habit protects your account and your family's money.

**TRY THIS TODAY** Find the mute and block buttons in the game you play most, so they're easy to reach the moment you need them.
